**Service & Practice Development
Full Time (negotiable for right candidate)
Richmond Location**

The Public Policy and Practice Development team focuses on Berry Street's public policy, evaluation, research, quality, tendering and practice development, supporting reflective and evidence-informed practice, facilitating continuous improvement across all services and advocating internally and externally for policy, practice and system reforms.

We are seeking a very experienced, flexible professional to lead Berry Street in bridging the knowledge-practice gap and strengthening practice across the organisation. This includes development of Berry Street's framework to guide and inform practice, development of practice-related projects, policies, resource materials and tools to enhance practice, and preparation of Berry Street's government tenders.

Queries to Amanda Jones on (03) 9429 9266.

***The application process is included in the
Position Description, available on our website.
Applications close Monday November 22nd.***
