ANTaR (Australians for Native Title and Reconciliation) Inner West is a group of concerned residents from Ashfield, Burwood, Canada Bay, Marrickville and Strathfield, who are working together to promote reconciliation between Indigenous and non-Indigenous Australians in this part of Sydney's Inner West.

The group provides information stalls at local festivals and promotes recognition of Indigenous culture and heritage through Cultural Days, historical and artistic projects, and the encouragement of understanding among school children. We are currently finalising a project to welcome new citizens in our Council areas with a brochure (in both English and community languages) giving information about the First Peoples of Australia.

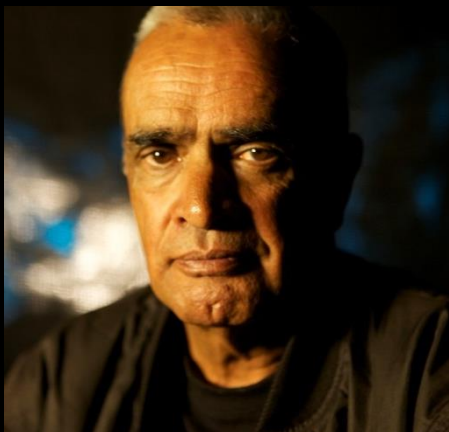

Everything we do as a diverse, multicultural group has the aim of reaching out to various community members in this area who share our goals to achieve a just and harmonious society for all Australians.

We meet monthly in members' homes.
