Mornington VICTORIA**

26-28 October 2016

Call for Abstract Submissions

The aim of this very special Conference Gathering is to share information about research and practice issues and initiatives related to sex, gender and the future of relationships. This theme may encompass topics such as adolescent development, parenting teenagers, sexualisation, pornography and cybersafety, respectful relationships, sexual orientation and gender identity, safe schools and promoting pro-social behaviour.

Abstracts are invited for short papers, interactive discussions, case presentations or brief 'how to' workshops of 20 or 40 minutes duration. This invitation is open to anyone whose work supports young people in any aspect of sexuality and relationships, including psychologists, social workers, youth workers, educators and researchers – not to mention young people themselves. Presenters do not need to be APS members.

Abstracts of up to 300 words (formatting details overleaf) can be submitted to psychrespect@optusnet.com.au by 5pm, Friday 27 May. The Conference Committee will review all abstracts and notify correspondents by the end of June.
