The 13th Trans-Tasman Community Psychology Conference

Critical Conversations

**Co-hosted by the APS College of Community Psychologists and Victoria University
in collaboration with the Institute of Community Psychology Aotearoa and
APA Division 27 - The Society for Community Research and Action**

Thursday 20 – Saturday 22 April 2017

Uniting Church Centre for Theology and Ministry

29 College Cres, Parkville VIC

Registrations for the 13th Trans-Tasman Conference in Community Psychology are open online until Monday 17 April – [register here](#) today

The specific focus of the conference is to revisit the critical foundations of community psychology to promote critical reflexivity and identify opportunities for change.

The program comprises three streams in a range of formats in addition to the standard individual papers, keynotes and symposia – roundtables, nuts & bolts practice sessions - and some creative surprises.

With outstanding keynotes from Aotearoa New Zealand and Australia, a Thursday evening Welcome Reception at Victoria University's City Flinders St campus, and an innovative pre-conference tour showcasing community psychology Melbourne-style, there's something for everyone. And the cost is a pleasant surprise, with special rates available for APS members, international visitors, students and concession-card holders. Email us for details of the special promo codes. Ask us about childcare possibilities too.

You will need to register separately for the conference, the Friday night dinner and the optional agency tour on Thursday 20 April (highly recommended). We look forward to welcoming you to Melbourne.

BUT BE QUICK – REGISTRATIONS CLOSE AT MIDNIGHT MONDAY 17 APRIL
