

## BURSARY APPLICATION & REGISTRATION FORM

The annual State Conference of Museums Australia WA will be held at the University of Notre Dame, Fremantle. This year we focus on the museum as public space: issues involved with the creation of an enticing, user-friendly and informative environment, enabling tangible connections between audience and collection.

**Eligibility:** Bursaries will be made available to volunteer applicants from the museums and heritage sector in Western Australia. Successful applicants will be selected on the basis of their contribution and on-going commitment to good museum practice in their organisation/chapter/the museum sector, and their ability to share this professional development opportunity with their peers following the conference. Priority will be given to regional convenors or their nominees, and museum volunteers associated with a nominating organisation.

Successful applicants will receive free registration to the conference and possible reimbursement for travel and accommodation expenses, dependant on the outcome of our funding request.

**Notification of the extent of the bursary offer will be given at the end of August 2013**
