

# ATTENTION DIS STUDENTS, LOOKING FOR A UNIQUE PRACTICUM PLACEMENT?

Would you like to work with an internationally-recognized special collection, which is unique, non-traditional, underground, and located right here in Perth?

Murdoch University Library houses one of the best science fiction collections in the world, containing more than 30 years of rare books, comics, fanzines, t-shirts and personal writings of the science fiction community of Western Australia and Australia.

This is your chance to be a part of a team working towards making this collection more accessible and discoverable to everyone.

Projects you could work on during your practicum include:

- Indexing the Leigh Edmunds collection
- Conservation & preservation strategies
- Collection development of science fiction resources
- Researching other special collections around the world
- Community engagement (eg. oral histories)
- and more!!!
