RAVEN COMPETITION

The raven is a potent symbol across diverse cultures. To connect the raven to our **CRIG Seminar theme of Open Doors, Open Minds**, we particularly point to the symbolism of ravens in Norse mythology. Odin (the All-Father) had two ravens, Hugin and Munin, which embody thought and memory and represent Odin's wisdom and knowledge.

To take the theme of the raven further, we invite the CRIG Seminar community to enter a competition where they will create their own DIY Raven Mascot. The raven will act as a symbol of your intention to join the Seminar speakers and organisers in exploring what inclusive libraries should be in the future, to open doorways into library spaces, and contribute your knowledge and wisdom to these discussions.

- 1. CRAFT** 
Create a raven through your craft medium of choice (origami, crocheting, knitting, baking, needlework, clay, etc.)
- 2. SHOOT** 
Photograph your raven in a setting that exemplifies the theme of **Open Doors, Open Minds**
- 3. SEND** 
Submit, with a creator's statement (max 200 words), to members@caval.edu.au by **end of day Tuesday 18 November 2025**

The winner will be decided by popular vote during the final **CRIG Seminar webinar on 20 November**. A trophy will be awarded to the winning entry.
